

OCEAN ALEXANDER®

**FOR IMMEDIATE RELEASE:**

**Ocean Alexander Ends 2014 with 4 New Sales**

SEATTLE, WA – January 9, 2015 – Alexander Marine International, the importer of Ocean Alexander yachts, is pleased to announce the recent sale of 4 new yachts for the US at the conclusion of 2014.

Jerry Todd, from Alexander Marine USA's Seattle location, completed the sale of a new inventory 72 Motoryacht to his long time clients. These new owners chose the new 72 for its classic Ocean Alexander features and modern styling. They will be cruising the waters of the Pacific Northwest.

Michael Vrbas, from the Newport Beach, CA location of Alexander Marine USA, secured a new construction order for an Ocean Alexander 72 Motoryacht. The clients from Nevada are current owners of a smaller Ocean Alexander and are moving up within the OA line-up. Ordering a new 72 has given them the ability to take advantage of Ocean Alexander's flexible construction process and incorporate some special features that will make this 72 uniquely their own.

Michael Vrbas also handled a successful sale and closing of a new Ocean Alexander 85 Motoryacht. His repeat clients were so impressed with the new features on the OA 85 and Evan K. Marshall's styling, they made the move up from their current Ocean Alexander 80 Motoryacht. They look forward to cruising the waters of Mexico and the US west coast.

Lastly, Bruce Siler, from MarineMax's Pier 66 location in Ft. Lauderdale, sold and delivered the new Ocean Alexander 100 Motoryacht to new owners just before New Year's Eve. The OA 100 recently debuted at the 2014 Ft. Lauderdale Boat Show to great reception. The new owners formerly owned a Feretti 85 and while looking for larger yachts, chose the OA due to its contemporary look and feel. They already have plans to travel along the east coast with possible cruising in the Mediterranean. The yacht will reside in Palm Beach. Numerous vendors and technicians worked diligently to complete the yacht to the buyers' requirements. We wish to express thanks to all involved who put the finishing touches on this extraordinary yacht.
